The optical fiber elements are typically individually coated with layers and contained in a protective tube suitable for the environment where the cable will be deployed.

Browse armored and dielectric outdoor fiber optic cable.

Belden's extensive line of indoor and outdoor cable products is offered in tight buffer and loose tube designs. Armored, burial, and ruggedized designs are suited to a host of industrial environments.

The loose tube gel-free design is fully waterblocked using craft-friendly, water-swellaable materials, which means cable access is simple and no clean up is required.
