

Bahamas FOB Price DAC High-Speed Cable QSFP-DD

Bahamas FOB Price DAC High-Speed Cable QSFP-DD

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

QSFP56 (Quad Small Form-factor Pluggable 56) DAC is an advanced optical transceiver cable designed for high-speed data transmission in networking and data center applications. It represents ...

It provides low-power, short-distance interconnect applications, and the cable is capable of transferring data at rates up to 14Gb/s per channel, providing aggregation rates of 56Gb/s.

FiberMall Twinax DAC Breakout Cables solutions support aggregate data rates up to 400Gbps for data center networking applications, which is low insertion loss.

Every 40G QSFP+ to QSFP+ Active DAC cable is individually tested on a full range of Customized equipment and passed the monitoring of HiFiber's intelligent quality control system.

Our prices include the product cost, international shipping, import duties, customs clearance, and local delivery charges. We handle all customs and import procedures, ensuring there are no hidden fees ...

FS 400G DAC/AOC cables are compliant with MSA and IEEE standards for guaranteed compatibility and optimal performance and suitable for servers, switches, storage, etc. Purchase from nearby ...

QSFP-DD/QSFP+ features high-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

It provides a QSFP-DD-to-QSFP-DD copper direct-attach solution. 400G QSFP-DD DAC cables are suitable for very short links and offer a cost-effective way to establish a 400-Gigabit link between ...

Our High-Speed QSFP-DD Cables are QSFP-DD MSA compliant and protocol agnostic for worry-free integration into 200/400/800-Gigabit Ethernet and InfiniBand networks.
