

Belarusian SMA connectors low noise direct from manufacturer

Overview

Find premium SMA (SubMiniature version A) connectors at KLS Electronic. Ideal for applications up to 18 GHz, our SMA connectors offer excellent electrical performance for wireless communications and RF systems. Pricing (USD) Filter the results in the table by unit price based on your quantity. A tariff of 28% may be applied if shipping to the United States. A. This section provides an overview for sma connectors as well as their applications and principles. Quickly and easily build RF. To satisfy the broad range of commercial applications, our SMA connectors are available in a broad range of standard configurations including: straight and right-angle cable applied plugs, bulkhead cable jacks, two and four hole flange mount panel jacks, straight and right-angle printed circuit. Mini-Circuits suite of RF cable solutions is built for precision, performance, and versatility. Our RF/microwave interconnect and precision test cables are available for 50-Ohm and 75-Ohm systems, covering frequencies from DC to 110 GHz.

Belarusian SMA connectors low noise direct from manufacturer

Molex offers SMA connectors in brass, beryllium copper, and stainless steel materials. Molex has a wide range of designs including high-performance, optimized SMA connectors, ...

Mouser offers inventory, pricing, & datasheets for SMA Connectors.

The SMA series meets the performance, quality and application requirements of ...

Our RF/microwave interconnect and precision test cables are available for 50-Ohm and 75-Ohm systems, covering frequencies from DC to 110 GHz. With connector options including SMA, ...

SMA RF cable assemblies and connectors, 50 Ohm with performance up to 26.5 GHz. Subminiature interconnects with screw-type coupling.

Amphenol RF's SMA connectors deliver precision RF performance with durable threaded coupling for applications ranging from wireless infrastructure to test instrumentation.

This section provides an overview for sma connectors as well as their applications and principles. Also, please take a look at the list of 5 sma connector manufacturers and their company rankings.

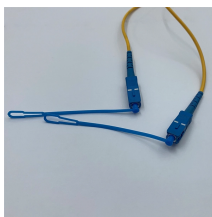

SMA connectors are the most popular coaxial RF/microwave connector. Stainless steel models are dedicated for high durability and MIL/aero applications, while brass version SMA-COM is reserved for ...

Find premium SMA (SubMiniature version A) connectors at KLS Electronic. Ideal for applications up to 18 GHz, our SMA connectors offer excellent electrical performance for wireless communications and ...

The SMA series meets the performance, quality and application requirements of the commercial marketplace. This includes White Bronze plating, a unique finish developed by Tyco Electronics to ...

Find your sma connector easily amongst the 46 products from the leading brands (LEMO, Smiths Interconnect, PASTERNAK, ...) on DirectIndustry, the industry specialist for your professional ...
