

Belarusian manufacturer of temperature sensing cable terminal boxes

Overview

Tempsens is a part of PYROTECH Group, which was established in 1976 by four tech-savvy technocrats. TEMPSSENS has carved its niche in bringing technology and engineering together in the field of Thermal and cable solutions. After the initial beginning with Thermocouples and RTDs, Tempsens has. SST Group is one of the top-3 global providers of industrial heat tracing as well as residential and commercial electric heating cable solutions. Extensive engineering and project management experience as an EPC contractor. It features a special bimetallic wheel construction. value temperature measuring transducer / rod sensor THERMASGARD® MWTM Calibratable mean value. MTI Industrial Sensors offers a complete range of wire and cable products specifically designed for temperature sensor applications—including thermocouples, RTDs, and transmitters.

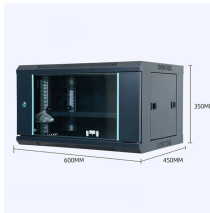

Belarusian manufacturer of temperature sensing cable terminal box

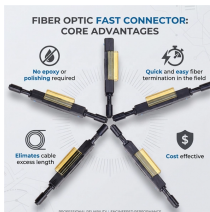

We design, manufacture and market networking, connectivity, cable products and solutions for industrial automation, smart buildings and broadcast markets.

Browse our extensive range of bespoke-made thermocouple temperature sensors and temperature measurement solutions. All our products are designed and manufactured to not only meet but ...

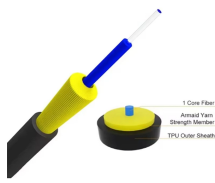

Find your cable temperature sensor easily amongst the 44 products from the leading brands (E+E, JRI, GRILLO, ...) on DirectIndustry, the industry specialist for your professional purchases.

List of Electrical Equipment & Supplies Companies in Belarus . Suppliers, Distributors, Manufacturers, Importer. Include General Trading and Export Services, PLC-SYSTEMS, Belelectromontazh .

Safely conduct, connect and distribute energy in hazardous areas with R. STAHL's terminal boxes. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard ...

Discover MTI's sensor-grade wire and cable products, including thermocouple extension wire, RTD cable, and high-temperature insulation options—custom lengths and terminations available.

BARTEC stainless steel housings and distribution boxes are designed and approved for Zone 1 and 2 as well as Zone 21 and 22. They are particularly suitable for applications under extreme environmental ...

Temp-Pro is a premier manufacturer of Temperature Sensors, Thermowells, Electrical Enclosures, Wire Harness & Cable Assemblies and Electro-Mechanical Assembly Services.

SST Group is the one of the few global manufacturers of electrically conductive plastics and self-regulating heating cables. We produce a matrix for high, medium, and low temperature cables, which ...

Tempsens is a part of PYROTECH Group, which was established in 1976 by four tech-savvy technocrats. TEMPSENS has carved its niche in bringing technology and engineering together in the ...

Discover MTI's sensor-grade wire and cable products, including thermocouple extension wire, RTD cable, and high-temperature insulation options—custom ...
