

CCC Certification for Central Asia Distribution Boxes

Overview

CCC stands for "China Compulsory Certification," and as the name suggests, it's a mandatory certification system implemented by the Chinese government to ensure that products sold in the country meet specific safety, health, and environmental protection standards. Commonly known as CCC Mark, is a compulsory safety mark for many products sold on the Chinese market. It became effective on May 1, 2002. It is the result of the integration of China's two old compulsory inspection systems, namely "CCIB" (Safety Mark, introduced in 1989 and required for products in.
