

Compatible 200GONU optical network unit Swedish supplier

Overview

We deliver lab-tested, vendor-compatible transceivers with European support, global delivery, and no OEM markup. Swedish Telecom Opto is built for scale — not single-click sales. Why choose Nokia for your optical network?

The Nokia industry-leading optical network portfolio leverages highly vertically integrated coherent optical engines and includes the latest generation of open and flexible optical line systems, intelligent coherent pluggables, ultra power-efficient. Discover our selection of GPON, EPON, and XG (S)PON ONT/ONU devices. Choose from reliable Optical Network Terminals for seamless connectivity and efficient network solutions. We work with mid to large organizations, supporting. From residential to business to multi-dwelling units, our extensive portfolio of ONTs supports any deployment scenario with industry-leading voice, data and video capabilities. Our next generation of multigigabit XGS-PON optical network terminals (ONTs) is here and ready to support the most. An ONU (Optical Network Unit) is the endpoint device in a fiber-to-the-home (FTTH) or fiber-to-the-business (FTTB) setup. (GPON, XG-PON, XGS-PON, NG-PON2, 10G EPON).

Compatible 200GONU optical network unit Swedish supplier

ONU is a small home optical node specially developed for standard networking of cable TV or PON operators, with small size, flexible networking, and cost-effective.

Calient's Optical Circuit Switch (OCS) - S320 is an all-optical (OOO) switch that establishes, monitors, and changes connections between single-mode optical fibers. The OCS is transparent to data speed ...

Optical network terminals provide a seamless bridge between fiber optic and Ethernet networks. Discover plug-and-play convenience and auto-negotiation features.

Nokia ICE-D intra-data center optical connectivity technology provides a power-efficient (up to a 75% reduction), highly integrated solution that combines multiple optical functions onto a single monolithic ...

MaxLinear's Broadband Forum 247i4 certified PRX SoCs provide a clear path to scale from gigabit to 10G services with a wide portfolio of fiber access solutions. Our fiber system on chip products can be ...

Discover our selection of GPON, EPON, and XG (S)PON ONT/ONU devices. Choose from reliable Optical Network Terminals for seamless connectivity and efficient network solutions.

Every module from Swedish Telecom Opto is thoroughly tested before shipping and comes with a full warranty. If it's in your BOM, it's in our lab — verified and pre-programmed to match your exact ...

This comprehensive guide will walk you through how to choose the right ONU for a smart home or business, key features to consider, and how solutions from leading manufacturers like ...

We supply high precision production solutions to the electronics industry. Watch our brief video summary of CEO and CFO comments to the Interim Report Q1 2026.

Our next generation of multigigabit XGS-PON optical network terminals (ONTs) is here and ready to support the most bandwidth-intensive subscribers on your network.
