

DIY gate made from cable trays

Overview

This video shows you how to make a simple and low cost DIY driveway gate to deter unwanted traffic and visitors. moreCreating a secure and attractive entrance to your home doesn't have to be a daunting task. more Thanks for stopping by my tutorial on how to build DIY Cable Railing from scratch! In today's post, we'll go over some of the steps involved in building cable railing. I chose to build my own deck cable railing to save money and to. However, I find that cable ties bind when you want to remove, replace or add a cable—and, apart from expensive trunking, the other cable-tidy gadgets I've seen look just as cumbersome or fiddly to use. We cover several ideas for different types of gates. Or perhaps it's an ugly AF gate that you want to chop up for firewood?

It's time to make a new gate.
