

Dutch Imported Spectrometer

Overview

According to Volza's Global Import data, World imported 842 shipments of Spectrometer from Netherlands during Mar 2023 to Feb 2024 (TTM). These imports were supplied by 55 netherlands exporters to 64 World buyers, marking a growth rate of 44% compared to the preceding twelve months. The LUMOS II ILIM is a high-speed chemical imaging solution that combines powerful Quantum Cascade Laser (QCL) technology with a widefield IR camera to deliver rapid, artifact-free analysis of biological tissues, pharmaceutical tablets, and particles. The Bruker ALPHA II is a compact, robust FT-IR. Avantes is the leading innovator in the development and application of fiber optic spectroscopy instruments and systems with over two decades of experience developing customer-defined spectrometer configurations. With a long history of consulting with clients across diverse industries and. Our main. SpectraPartners specialises in x-ray equipment and electro-optical equipment for radiometry, photometry, colorimetry and spectroscopy.

Dutch Imported Spectrometer

AP Technologies is the UK-based distributor of OtO Photonics' extensive range of high-performance, ruggedised, miniature spectrometers for OEM integration covering wavelengths from the deep...

Ocean Optics manufactures and designs fibre optic spectrometers in the range from 155 - 2500 nm. As the inventor and leading supplier of miniature fibre optic spectroscopy, we have sold more than ...

According to Volza's Global Import data, World imported 842 shipments of Spectrometer from Netherlands during Mar 2023 to Feb 2024 (TTM). These imports were supplied by 55 netherlands ...

Spectrofotometers zijn essentiële instrumenten in veel wetenschappelijke en industriële analyses. Deze precisie-instrumenten worden gebruikt om de absorptie of transmissie van licht door een monster te ...

Farnell Nederland biedt snelle offertes, verzending op dezelfde dag, snelle levering, ruime voorraad, datasheets en technische ondersteuning.

Expert molecular spectroscopy solutions for the Benelux region. FT-IR, Raman, and NIR spectrometers, microscopes, and accessories from Bruker, Specac, Pike, and more.

Leading Scientific Instruments in the Netherlands. We collaborate with world-class manufacturers to bring high-performance analytical instrumentation to a broad range of sectors, including energy ...

SpectraPartners specialises in x-ray equipment and electro-optical equipment for radiometry, photometry, colorimetry and spectroscopy. Our wide product range touches aspects from everyday ...
