

## Fiber Optic Communication in Hungary

### Overview

Hungary offers a competitive fiber-optic market with a range of providers catering to completely different needs. Whether or not you're looking for blazing-fast speeds, cost-efficient plans, or bundled services, there's a provider that fits the bill. Their product range includes premium optical products tailored for various sectors, ensuring reliability and customer satisfaction. The €20M ZettaNet project, supported partly by the Hungarian state, aims to strengthen Chinese-Hungarian ties and enhance FiberHome's European footprint with high-tech manufacturing and R&D. China's Fiberhome will set up its largest European base in Hungary, where it will manufacture optical cables. The HUF 8 billion (EUR 20 million) investment could create about 150 new jobs, Minister of Foreign Affairs and Trade Péter Szijjártó said in Beijing on Wednesday.
