

French distributor offers 1G pluggable optical module

French distributor offers 1G pluggable optical module

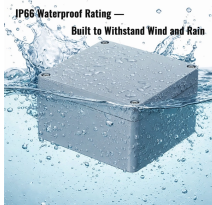

Pluggable optics enable high data-rate transmission between servers, switches, and routers. Get performance-leading optical transceivers for any network with Cisco Optics.

This 1G SFP transceiver module is straightforward to deploy and cost-effective due to its hot-pluggable SFP design and low power consumption (less than 800mW in typical settings).

Tous les modules optiques 10G et 1G de Juniper sont conformes aux principales normes et spécifications industrielles pour assurer une interopérabilité transparente dans les environnements ...

Les modules SFP 1G (Small Form-Factor Pluggable) offrent une connectivité réseau polyvalente et fiable dans un format compact. Avec une vitesse de transmission de données de 1 Gbps, ces ...

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors worldwide.

Les modules SFP NADDOD offrent une faible latence constante et une excellente intégrité du signal, ce qui les rend idéaux pour les réseaux d'accès d'entreprise, les réseaux métropolitains Ethernet et les ...

You can use our optical transceivers as affordable alternative for SFP modules of leading vendors, without quality loss. Our products are covered by full warranty.

Browse optical transceivers from Pivotal Optics including SFP, SFP28, QSFP28 & QSFP-DD modules. 1G to 400G solutions for data centers & networks. Shop now!

Arista offers a broad portfolio of high performance optical transceivers and copper cables for datacenter and campus networks, with speeds ranging from 1G to 800G, and reach from 1m to 80km+.

FS offers a growing portfolio of optical transceivers, with speed range from 100M, 1G, 10G, 25G, 40G, 50G, 100G, 200G, 400G to 800G and beyond. The fiber optic transceiver modules can work in any ...
