

Gigabit Ethernet to Fiber Optic Converter for Switch

Gigabit Ethernet to Fiber Optic Converter for Switch

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

Translate ethernet lines into faster, long-distance fiber optic lines. Available with single mode or multimode fiber. Distance limits range from 550 meters to 40 kilometers. Power Supplies and ...

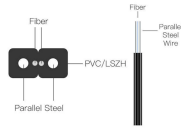

The LFC-1002-SFP is a Gigabit fiber media converter with two RJ45 ports to 100/1000Base-X SFP slot, supporting auto-negotiation, LFP, DIP switches for VLAN and Jumbo frames, and wall mounting for ...

We offer a wide selection of Fiber Media Converters (10/100, as well as Gigabit) that enable you to convert Ethernet network connection to a fiber network connection and vice versa.

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

The unit extends the maximum distance of any gigabit Ethernet signal up 1.2 miles (2.0 kilometers) using Multimode fiber optic cable. The unit is enclosed in a rugged steel housing.

The RLH Gigabit Ethernet media converter is a rugged, full featured media converter. It converts copper 10Base-T or 100/1000Base-T(X) Ethernet to fiber, and may be used to extend a copper Ethernet ...

Moxa's Ethernet to Fiber media converters feature innovative remote management, industrial-grade reliability, and a flexible, modular design that can fit any type of industrial environment.

Search Newegg for ethernet to fiber adapter. Get fast shipping and top-rated customer service.

FO media converters for Ethernet and fieldbus enable you to convert your copper interfaces to interference-free fiber optics without the need for complex surge protection, shielding, and ...

The LFC-1002-SFP is a Gigabit fiber media converter with two RJ45 ports to ...
