

## Hit the fiber optic communication pole

### Overview

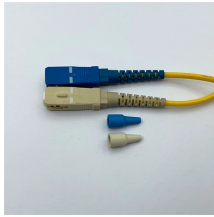

Call 911 and ECE at 1-800-254-7944. Do NOT touch the equipment and the ground at the same time. If you must get off, jump as far as you can and land with your feet together. Let us know if you find downed or uncovered wires or cables in your area. Have AT&T service?

Provide your account info and say, Line is down. Don't have AT&T. However, accidentally striking a utility line—whether it's a gas, electric, water, or communication line—can pose serious risks, including injury, service disruption, and costly legal consequences. If you're a contractor, knowing how to respond swiftly and effectively after hitting a utility line. Deploying fiber above ground on poles or towers removes the need for underground digging and is particularly useful when the ground is uneven, rocky or both. Fiber in a duct solutions have a major aesthetic. Abstract: At 1:00 p.

## Hit the fiber optic communication pole

Below, we'll cover step-by-step emergency actions, legal responsibilities, and how to prevent future utility strikes. If you hit a buried utility line during excavation, you must act quickly and ...

Depending on which of our lines you hit, it's smart to be aware of varying safety concerns. Slicing a fiber line poses no danger of electric shock for kids or pets, but it's best to keep out of the way until it's ...
