

Hot-selling optical transceiver module with CE certification

Hot-selling optical transceiver module with CE certification

Inphitech was established in year 2011 as an international optical transceiver module manufacturer. We have comprehensive 1.25G,10G, 25G, 40G, 100G, 400G and ...

High-quality 10G SFP+ optical module with 1550nm wavelength, supporting up to 40km over SMF. DDM monitoring, hot-pluggable, RoHS compliant. Ideal for data centers and fiber networks.

This SFP Transceiver Module, also known as Small Form-factor Pluggable Module or SFP Module, supports CE FCC and can transmit data up to 120KM. It is suitable for Gigabit Ethernet and 1.06 ...

Our corporation successfully attained ISO9001 Certification and European CE Certification of Sfp, Sfp+ Rj45 Module, Copper Rj45, Therefore, we can meet different inquiries from different consumers.

FS provides 1/2/4G transceivers modules in SFP form factor, supporting transmission distances from 100m to 120km over SMF/MMF fiber and enabling low power and cost-effective connectivity solutions.

Inphitech was established in year 2011 as an international optical transceiver module manufacturer. We have comprehensive 1.25G,10G, 25G, 40G, 100G, 400G and 800G optical modules for Cloud ...

Discover reliable optical transceiver modules with DDM support, LC connectors, and CE certification. Ideal for FTTX, 4G, and datacom.

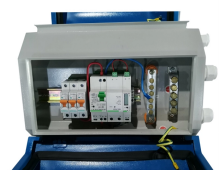

NEC has been developing and manufacturing optical transceivers for more than 30 years since the dawn of the optical communications era. Based on this extensive experience, we provide high-reliability ...

Power your network with Innoptical's high-performance optical transceivers. From low data rates to 800GB, we have compatible, energy-efficient ...

As a leading optical transceiver supplier with 15 years of experience, we provide trusted and high-quality solutions to data centers, telecom operators, and enterprises worldwide, backed by global certifications.

Prior to shipment, we meticulously code our optical modules and DAC/AOC cables, followed by rigorous testing on the corresponding switches to guarantee 100% compatibility with your system.

Power your network with Innoptical's high-performance optical transceivers. From low data rates to 800GB, we have compatible, energy-efficient modules tested with global standards. Get the quality ...
