

Industrial-grade switch with 1 gigabit fiber optic port 4 electrical SC ports and PoE

Application

Overview

Featuring Plug and Play designed to be installed in heavy industrial demanding environments, the IGS-624HPT is a PLANET Industrial-grade, DIN-rail type Unmanaged Gigabit Ethernet PoE+ Switch with f.

Industrial-grade switch with 1 gigabit fiber optic port 4 electrical S

This is a hardened industrial-grade Gigabit PoE Switch with 12~48VDC Input and ...

4-port managed switch with dual SFP slots expands your Gigabit Ethernet network in harsh environments, including construction sites, warehouses and factories.

The DIS-100G-06P is an industrial unmanaged switch equipped with four 1G PoE ports and two SFP ports, providing plug-and-play simplicity deployment. The SFP ports support long-range data ...

This compact PoE 4-Port Switch integrates four 10/100/1000BASE-T RJ45 ports with IEEE 802.3at PoE+ capability, delivering up to 30W per port to connected devices, alongside one 100/1000X SFP ...

RLH managed industrial switches are engineered to provide reliable network performance in harsh environments. The 4+4 Managed Gigabit SFP PoE+ switch provides both copper and fiber Gigabit ...

	<p>Via the built-in DIP switch, the IGS-624HPT can be configured as 6-port Gigabit Ethernet switch or 4+2 fiber redundant mode.</p>
---	---

	<p>This is a hardened industrial-grade Gigabit PoE Switch with 12~48VDC Input and Voltage Booster 48VDC PoE Output. Unmanaged solar power PoE switch is designed to match the critical industrial ...</p>
---	---

	<p>Designed to be installed in heavy industrial demanding environments, the IGS ...</p>
--	---

	<p>Designed to be installed in heavy industrial demanding environments, the IGS-4215-4P4T2S is the new generation of Planet Industrial-grade, DIN-rail type L2/L4 Managed Gigabit PoE+ Switch featuring ...</p>
---	---

	<p>4-port managed switch with dual SFP slots expands your Gigabit Ethernet ...</p>
---	--

	<p>With wire-speed switching on all ports, clear status LEDs for instant diagnostics, and support for a variety of SFP transceivers, the IGP-0431 is an ideal choice for building robust, high-availability ...</p>
---	---

Designed for high performance, it offers impressive switching capacity and supports ERPS redundant networks, with a self-recovery mechanism of less than 20ms under full load. This ensures a reliable ...

Unmanaged industrial PoE fiber switch with 2*1000M uplink SFP fiber ports and 2*10/100/1000M RJ45 ports. Port 1-2 can support IEEE 802.3 af/at PoE standard. It can support dual DC redundant power ...
