

Ireland Consulting 40G Air-Cooled Switch

Ireland Consulting 40G Air-Cooled Switch

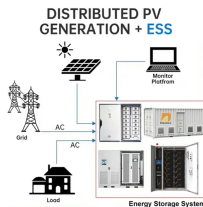

VPX board with 40 Gigabit fully managed 3U VPX Layer2/3 Gigabit Ethernet switch for harsh environments, offering secure management interfaces and availability with VITA65 and SOSA profiles.

The ComEth4582a is a 3U VPX 10/40 Gigabit Ethernet switch, based on a new generation of multi-layer Ethernet matrix for high speed embedded interconnect applications requiring low-power 10G and ...

The ComEth4070e is a cutting-edge 6U VME Layer 2/3 Ethernet switch compatible with VME 64x systems.

The Curtiss-Wright VPX3-655 is a very versatile Ethernet switch supporting 1G, 10G and 40G ports, including 12x 10GBASE-T ports, providing high-speed connectivity for modular embedded computing ...

Stand alone versions of the switch are available in 19 inch form factor, featuring a set of SFP+ or Mil-Std-38999 connectors quali-fied for industrial or airborne applications.

The XChange3030 40G Ethernet Switch delivers full wire-speed across all of its ports, and supports jumbo packets up to 12 kB. It also supports IPv6, Energy Efficient Ethernet™ (EEE), and a ...

The XChange3030 is a conduction-cooled 3U VPX Ethernet switch module, providing six backplane 40GBASE-KR4 Ethernet ports.

At Aircooled Consulting, we specialize in air-cooled Porsche vehicles, providing expert consulting services for model repairs including the iconic 911, 912, and 930.

Validated for deployment in the harshest environments, the VPX3-687 is available in a range of air-cooled and conduction-cooled options. It includes extensive built-in test (BIT) features to assure ...

Rely on this 3U VPX switch based on a multi-layer Ethernet matrix for high-speed applications requiring 10/25G and 40/100G connectivity.
