We manufacture metallic cable tray systems in the following types: solid bottom cable trays (perforated and closed), ladder trays and mesh trays, in different structural dimensions and material qualities.

The mesh cable trays S2 line is a complete system that uses a number of products (for example covers and shelves) which are already part of Sati Italia's range of products.

With our cable trays with integrated ends, Trayco® is constantly looking for solutions that increase our customers' competitiveness due to their capacity, light weight (L) or ease of assembly.
