

## Kenya Single-Fiber Bidirectional 1 6T

## Kenya Single-Fiber Bidirectional 1 6T

It supports bidirectional single-mode transmission over a single fiber strand and is suitable for structured network installations that require clean, efficient, and dependable links. Moreover, its support for ...

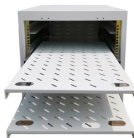

Engineered to support data rates of up to 1.25 gigabits per second (Gbps), this module offers exceptional performance and reliability for a wide range of network applications.

Supporting 1Gbps data rates, this BiDi (bidirectional) module enables transmission over a single fiber strand, making it efficient for modern network deployments. Ideal for enterprise networks, ISPs, ...

Whether you need short-reach, long-range, or bidirectional (BiDi) solutions, our modules are engineered to support the demanding needs of ISPs, enterprises, data centers, and telecom providers in Kenya ...

It supports bidirectional transmission over one fiber strand and uses a simplex LC UPC connector for clean and efficient deployment. Moreover, with support for distances of up to 3 km, it is well suited for ...

1.6T 2xFR4 OSFP PAM4 Optical Transceiver ts for data communications applications. The high bandwidth module supports dual 800G Ethernet or InfiniBand connections, or a single 1.6T Ethernet ...

Our transceivers are fully compatible with leading switches, routers, and media converters, making them ideal for data centers, ISPs, telecom operators, and enterprise networks in Kenya.

We supply high-performance single-mode and multimode SFP modules that support 1G and 10G Ethernet speeds, ideal for enterprise networks, ISPs, CCTV over fiber, and data centers. All our ...

Buy Ubiquiti UACC-OM-SM-1G-S-2 1G Bidirectional Single-Mode Optical Module 2-Pack in Nairobi, Kenya. 1G single-mode SFP modules for reliable long-distance fiber networking and enterprise use.

The Ubiquiti U-Fiber UF-SM-1G-S SFP Module (2 Pack) is a high-performance single-mode fiber transceiver designed for reliable 1Gbps connectivity over long distances.
