

Maldives Fiber Optic Trench Project Commences

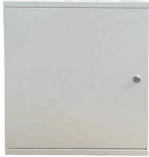

Overview

Google has announced Dhivaru, a new Trans-Indian Ocean subsea cable system that will link the Maldives, Christmas Island and Oman — a major investment aimed at expanding the reach, reliability and resilience of digital connectivity across the region. Ooredoo Maldives has launched the nation's first private 5G island at Waldorf Astoria Maldives Ithaafushi by deploying a dedicated submarine cable. This infrastructure milestone provides high-speed, low-latency connectivity, enabling AI-powered guest services, immersive AR/VR experiences, and.
