

Mauritius 520nm Laser Diode Packaging

Mauritius 520nm Laser Diode Packaging

ams OSRAM offers a wide range of colored single-mode and multi-mode edge emitting Laser diodes for dedicated applications.

With high-power multimode outputs for high-visibility alignment to single-mode and SLM/narrow linewidth for precision Raman spectroscopy, these diodes offer free-space or fiber-coupled ...

Applied Filters: Optoelectronics Lasers Laser Diodes Wavelength = 520 nm ... Reset All Please modify your search so that it will return results. To use the less than or greater than function, please select a ...

Green Beam Laser Level -2 Osram green lines
-Wavelength:520Nm laser diode -Swaying rest time: 4Seconds -Damping Level:Automatic
-Accuracy:10m/±2mm...

QPhotonics offers a variety of single mode fiber pigtailed laser diodes in the wavelength range from 660nm to 1550nm in 14 pin DIL, Butterfly, mini DIL packages. Their output power varies from 1mW to ...

We offer fiber-coupled laser diodes for the most demanding scientific and industrial applications. Through the implementation of proprietary design, packaging, and fiber coupling technology, these ...

Proprietary design, packaging, and fiber coupling processes produce laser diodes with very high stability and low noise. Each laser diode is subject to extensive testing and burn-in before shipment to ensure ...

Note: Due to DigiKey value-add services the packaging type may change when product is purchased at quantities beneath the standard package.

Buy ams OSRAM Green Laser Diode 520 nm 20 mW, 3-Pin TO-56 package PLT5 520EB_P. Browse our latest Laser Diodes offers. Free Next Day Delivery available.

This standardised approach results in no development costs, shortened lead times and reliable laser diode modules in industry standard packages. Our flexible business model allows for customisation ...
