

Multi-port optical switch

Multi-port optical switch

Our multimode switches come standard with 1 meter 62.5/125 μm MM fiber with 900 μm jacket with options of no connectors or FC/PC connectors. These prism optical switches are housed in a ...

The MPO-24 optical fiber switch allows users to verify some or all fibers in a multi-fiber connector in a single test, saving both time and money by automating the scanning process without the need to ...

M2 Optics offers cost-effective optical multicast switches for 40G, 100G, and wavelength-selective switching applications for your fiber optics network.

Designed for durability and precision, our optical switches support single-mode and multimode fiber types with low insertion loss, high return loss, and reliable repeatability. With support for various ...

Optical switch solutions, built on industry-leading fourth-generation VIAVI technology, come in multiple formats, including matrix switches, 1XN and 2XN for up to 176 ports.

Lfiber's optical switches (singlemode/multimode fiber switches) are micro-optic-based, opto-mechanical switches. These fiber switches offer a cost-effective way to provide flexibility in optical network ...

It supports dual optical SFP modules and Gigabit transmission speeds, with a 1000Base-T maximum transmission distance of the Fibertronics SFP module selected for Multimode or Singlemode applications.

Shop DigiKey's large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

Our Ethernet network switches with fiber ports comes in managed or unmanaged formats combined with both Industrial and Commercial grades. Utilize our PoE switches to power your Ethernet devices ...
