

Pang optical cable

Pang optical cable

The Pangea Premier optical cable has a polished termination, which is far superior in optical transparency, results in less loss, and is seldom used in any single POF cables because of cost.

Compare Pangea Premier optical cable to any other entry-level optical cable with polished termination for superior optical transparency and enjoy a nice performance upgrade.

Our high-performance copper and fiber systems, including Category 6A, 6, and 5e, along with network connectivity and cables, provide a robust and optimized cabling infrastructure that meets and ...
