

Price after the junction box is connected

Overview

Junction box installation costs \$100 to \$300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. Plastic junction boxes for indoor wiring cost 50% to 80% less than metal boxes but aren't as. Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. If you're planning any electrical work, one of the small but important items on your list will be the junction box. Route, secure and connect new NM-B wiring run for a single receptacle - up to 40' run.

Price after the junction box is connected

Relocation typically costs between \$1,000 and \$3,000 depending on the number of circuits and whether the box serves as a circuit junction. These costs are in addition to the price of a ...
