

Price of cross-road optical fiber cable without protective sleeve

Overview

On average, Single-mode (OS2) ranges from \$0. Factors like armor, jacket rating (LSZH), and raw material indices influence the final ex-factory price. Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination. Check each product page for other buying options.

Price of cross-road optical fiber cable without protective sleeve

Discover the cost of fiber optic cable in this pricing guide. Learn material prices, installation factors, and what impacts total project costs overall.
