

## Purchase single-fiber bidirectional LPO

### Overview

These SFPs use Wavelength Division (WDM) technology, mixing two wavelengths simultaneously. These high-performance transceivers leverage cutting-edge technology to offer a cost-effective solution that simplifies network expansion by minimizing the need for additional fiber. 10GBASE-BIDI Bidirectional SFP+ to single LC Optical transceiver module, Single Mode, Wave length: Up: TX1270nm/RX1330nm; Down: TX1330nm/RX1270nm, DDM, up to 20km over single LC. Wide Compatibility - Compatible for Cisco SFP-10G-BX20D-I/SFP-10G-BX20U-I, Ubiquiti UniFi UACC-OM-SM-10G-S-2, Mikrotik. The Cisco 1000Base-BX10-D Downstream Bidirectional Single Fiber Transceiver Module can be connected to a 1000BASE-BX10-U device with a single strand of standard SMF with an operating transmission range of up to 6. Instead of using separate fibers for transmit and receive signals, BiDi modules rely on wavelength division multiplexing (WDM) to send signals in opposite. This item cannot be canceled or returned. Buy SFP Modules from top brands like Hanwha Vision, GeoVision, NVT Phybridge and Pelco. Visit us for unbelievable prices, selection and service. Versitron's bidirectional SFP modules offer cost savings, easier management, and scalable solutions that are essential for the

development and maintenance of efficient, high-performance network infrastructures. 25Gbps or 10Gbps and 20km transmission distance with single-mode fiber.

## Purchase single-fiber bidirectional LPO

Buy SFP Modules from top brands like Hanwha Vision, GeoVision, NVT Phybridge and Pelco. Visit us for unbelievable prices, selection and service.

The Cisco 1000Base-BX10-D Downstream Bidirectional Single Fiber Transceiver Module can be connected to a 1000BASE-BX10-U device with a single strand of standard SMF with an operating ...

10GBASE-BIDI Bidirectional SFP+ to single LC Optical transceiver ...

Our 1000Base-BX LC singlemode TX1310nm/RX1490nm SFP Bi-Directional gigabit fiber modules allow for quick and easy network connectivity.

Our BiDi SFP modules come with a lifetime warranty and are available for various types of optical fiber, including Multimode SX, Multimode LX, Singlemode LX, and Singlemode ZX.

Our 1G BiDi SFP transceivers enable full-duplex communication over a single fiber, reducing fiber usage while maintaining reliable performance. Ideal for enterprise networks, data centers, and telecom ...

Teroline single fiber bidirectional SFP module for Gigabit Ethernet applications over single mode optical fiber. The module can be used with any network device that accepts standard MSA transceivers - ...

10GBASE-BIDI Bidirectional SFP+ to single LC Optical transceiver module, Single Mode, Wave length: Up: TX1270nm/RX1330nm; Down: TX1330nm/RX1270nm, DDM, up to 20km over ...

Utilizes single fiber for both sending and receiving data, reducing fiber needs and simplifying your network. Available in 1G for high-speed and 10G for ultra-high-speed data transmission.

Learn how to choose the right bidirectional SFP for single-fiber links. Compare wavelengths, distances, and compatibility to optimize your optical network.

This category includes all types of multi-rate SFP 155M to 4.25G transceivers over one strand of SMF, BiDirectional operation (two wavelengths on same fiber).
