

Railway Communication User Outdoor Temperature-Controlled Cabinet IK10

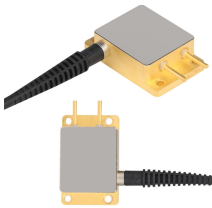

Railway Communication User Outdoor Temperature-Controlled Cabinets

IK10 devices can survive a 5 kg hammer dropped from 40 cm - that's serious destructive force. Military equipment, prison electronics, and subway infrastructure typically require this level of ...

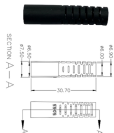

AZE's 30U/RU Outdoor Air-Conditioned Field Cabinets are engineered to provide a sealed, thermally managed environment for your critical 19" electronics, ensuring reliable operation in extreme ...

Constructed from powder-coated galvanised steel, our field cabinets meet industry standards with IP66 dust and water ingress protection and IK10 impact resistance. To enhance security, they feature ...

WEC Rail rolling stock cabinets are designed to withstand and resist harsh conditions such as shock, vibration and temperature, thus protect the electronics they house.

The double-wall cabinets are made of 2mm aluminum sheet coated with outdoor paint and tested to withstand temperatures, moisture, impacts and more for 30 years. They have IP55 and IK10 ratings ...

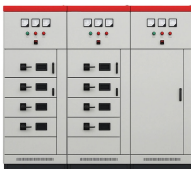

What is IK10? Read our engineering guide on IEC 62262 impact ratings. Learn how 20 Joules of vandal resistance is calculated and why IK10 cabinets are mandatory for outdoor telecom sites.

Since access control products are often installed outdoors, they are exposed to greater risks. To measure their level of resistance, several criteria are evaluated by the protection indices:

Find your ik10 electric cabinet easily amongst the 72 products from the leading brands (Safybox, ETA, YSCABINET, ...) on DirectIndustry, the industry specialist for your professional purchases.

Recommended for outdoor use and the railway industry, they are durable, corrosion-free, and fireproof. Complemented with versatile bases/pedestals, they guarantee a reliable and cost-effective final ...

Weatherproof cabinet SZK 12U is a mechanical cover for telecommunication equipment. It is made of steel sheet in light grey colour, thick structure and it is resistant to corrosion.
