

## Russian-branded QSFP optical line terminal

### Overview

The official store for QSPTEK. We provide compatible optical modules with online shopping function. The Quad Small Form-Factor Pluggable (QSFP) family represents a critical evolution in high-speed optical transceiver technology for data centers, telecommunications networks, and enterprise infrastructure. These hot-pluggable transceivers provide high-density, high-performance connectivity. The QSFP+ module is designed for use in 40GBASE Ethernet throughput up to 150m over OM3 multimode fiber (MMF) and 2km over single mode fiber (SMF) using a wavelength of 1310nm via duplex LC connectors. Our QSFP portfolio provides a simple upgrade path from 10 Gbps NRZ to 112Gbps PAM-4 — including four. 11 years of experience providing cost-effective optics and solutions for SMB users. Effectively save 50% or more of your budget compared to other third-party vendors. Forgot your password?

Your cart is currently. Amphenol's 100G QSFP28 optical modules include SR4, AOC, AOC break out, CWDM4, LR4, ER4 Lite, ER4 and ZR4 series, which adopt LC or MPO optical ports and are compatible with IEEE802. 3bm, SFF-8636 and other standards; With low power consumption and small size, it is mainly used

in 100G data center.

## Russian-branded QSFP optical line terminal

The QSFP+ module is designed for use in 40GBASE Ethernet throughput up to ...

QSFP is a compact, hot-pluggable network interface transceiver that is commonly used for data communications. QSFP can carry 4 channels at the same time, with each channel able to ...

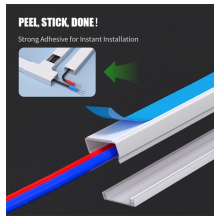

The QSFP+ module is designed for use in 40GBASE Ethernet throughput up to 150m over OM3 multimode fiber (MMF) and 2km over single mode fiber (SMF) using a wavelength of 1310nm via ...

QSFP is a professional manufacturer and web-based direct sales company focused on optical interconnect products including optical transceivers, fiber optic cables and accessories.

The Quad Small Form-Factor Pluggable (QSFP) family represents a critical evolution in high-speed optical transceiver technology for data centers, telecommunications networks, and ...

The official store for QSPTEK. We provide compatible optical modules with online shopping function.

The module also features outstanding BER and high sensitivity because of reliable design and excellent coupling efficiency. It is compliant with IEEE 802.3cm, QSFP DD CIMS 4.0 and QSFP DD Hardware ...

Our complete quad small form factor pluggable, QSFP connector portfolio includes QSFP+, zQSFP, QSFP28, QSFP56 and QSFP 112G. We provide a large range ...

Our complete quad small form factor pluggable, QSFP connector portfolio includes QSFP+, zQSFP, QSFP28, QSFP56 and QSFP 112G. We provide a large range of simple and customizable design ...

Independently developed by Walsun, the fiber-optic pluggable QSFP+ optical module features high bandwidth, high speed, small form factor, and low power consumption. It integrates four ...

QSFPS is a professional manufacturer and web-base direct sales company focused on optical interconnect products including optical transceivers, fiber optic ...

OptixCom's 100 Gb/s QSFP28 is a 4-lane parallel pluggable fiber optics transceiver designed with advanced 850 nm VCSEL laser arrays and high speed electronics to achieve the optimum ...

Support 40G ethernet, data center, enterprise, and Infiniband applications with Precision OT's range of 40G QSFP+ optical transceivers for link distances of a few meters up to 80km.
