

ST Metal Fiber Bracket

ST Metal Fiber Bracket

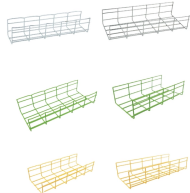

This coupler consists of a ST simplex female on one end and a ST simplex female on the other end. It is typically used to connect two ST simplex male cable assemblies.

Each of the fiber optic coupler assemblies listed here is simplex, female to female, and has a metal body. They have a variety of ends such as SC, ST, and FC so they work with different fiber optic cables.

This ST/ST Female Simplex Fiber Optic Coupler is the perfect solution for loading adapter plates or coupling two ST terminated fiber optic cables. Our coupler features a metal housing and a hex nut to ...
