

South African Optical Switch DML

South African Optical Switch DML

Chromar Technology is a privately owned South-African company which develops specialised optical systems with various applications, including airborne, space, naval, medical, industrial, security, ...

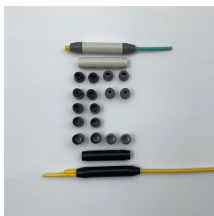

Photoelectric sensors detect object presence or distance in a wide range of industrial applications. They typically contain all required optics and electronics in a single unit, requiring only power to provide an ...

Optical Switches are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Optical Switches.

Explore SICK's pioneering industrial sensors for motion, colour, proximity, object type, and more. Modules from DigiKey reduce development risk by providing pre-tested, pre-certified, building blocks. ...

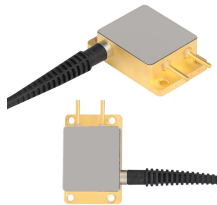

Slotted optical switches (also called opto switches) are devices that provide status indications (on or off) when light beams are interrupted in various types of instruments, systems and equipment. The ...

Slotted optical switches are used in assembly line production systems, machine automation and machine safety indicators. The switches are standard in computer peripherals like printers, where the ...

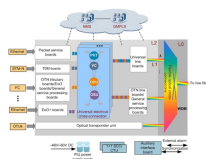

Calient's Optical Circuit Switch (OCS) - S320 is an all-optical (OOO) switch that establishes, monitors, and changes connections between single-mode optical fibers. The OCS is transparent to data speed ...

View our wide variety of optical switches such as vision sensors, photoelectric sensors, optical level switch, laser distance sensors and more

WIKA offers the appropriate optoelectronic level sensor (also known as an optical sensor for short) for every application. The model OLS-C20 optoelectronic level switch is suitable, due to its compact ...

Featuring a compact design with a 3.18mm gap, this reliable switch ensures precise detection and efficient performance, making it ideal for various PCB applications. Upgrade your designs with ...

Featuring a compact design with a 3.18mm gap, this reliable switch ensures ...
