

Turkmenistan Cold Joint 12-pin

Turkmenistan Cold Joint 12-pin

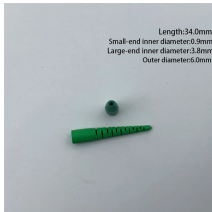

Mouser offers inventory, pricing, & datasheets for Pin (Male) 12 Position Circular MIL Spec Connector.

Our Cold Shrink joints and splices have over 15 years of proven field service. These silicone rubbers are considered reliable insulating materials used up to the highest voltage classes.

To reduce the chance of electrical bridging across the joint, the PetroSan insulating joint is designed to be put above ground if possible or in an inspection pit when dry.

Cold shrinkable products are made from elastomeric materials such as Silicon or EPDM rubbers, which are pre-stretched onto a tubular hold-out made from plastic tape in a tight spiral. By unwinding the ...

Ever since the installation of the first 3MTM Cold Shrink termination in 1972, we have developed products that deliver market leading efficiencies and reliability to our customers.
