

Venezuela AOC Active Optical Cable QSFP

Venezuela AOC Active Optical Cable QSFP

The QSFP+ AOC - Active Optical Cable is a high performance integrated cable for short-range multi-lane data communication and interconnect applications. It integrates four data lanes in each direction ...

Shop active optical cables from Pivotal Optics for data center & enterprise networks. AOC solutions from 10G to 400G SFP & QSFP. Lightweight, flexible cables!

40/56G QSFP+ AOC 10Gtek® Interconnect Solutions 40 Gb/s Low Power Active Optical Cable assemblies offer a cost-effective, extended reach option for high-speed data center interconnects.

JTOPTICS® 400G QSFP-DD AOC (active optical cable) is a 400 Gb/s parallel active optical cable, which transmits parallel 8×50 Gb/s PAM4 signals over multi-mode fiber (MMF) cables up to 100m.

Molex's low-power AOC integrated cable solutions provide less expensive, reliable transport for aggregated data rates up to 40 Gbps. The AOCs offer customers the flexibility of traditional optical ...

Amphenol 100G QSFP28 to QSFP28 Active Optical Cable assemblies are a reliable, cost and power efficient, integrated solution which is ideal for high density signal transmission typically ...

These fiber optic AOC cables offer speeds of 10 to 100 Gbps and allow AOCs to transmit data faster than possible with traditional copper connections while still adhering to industry-standard electrical ...

These AOCs comply with hot-pluggable QSFP28 MSA and RoHS-6 standards, ...

Our active optical cable assembly portfolio provides improved cable flexibility and longer reach as compared to both traditional passive copper and emerging active copper (ACC/AEC) solutions, ...

These AOCs comply with hot-pluggable QSFP28 MSA and RoHS-6 standards, ensuring compatibility and adherence to environmental regulations. By offering a cost-efficient alternative to discrete optical ...

Lumentum's 400G QSFP-DD Active Optical Cable (AOC) provides high-speed, low-latency optical connectivity for short-reach interconnects in hyperscale and enterprise data centers.
