

Waterproof type for cold aisle in maintenance room

Waterproof type for cold aisle in maintenance room

Hot aisle containment is made from light duty aluminum profile and thermal insulation PC board, has better heat dissipation performance than cold aisle containment in high density data centers, to ...

By isolating the cold aisle, containment reduces unintended mixing of cold supply air with hot exhaust air, maintaining uniform, predictable temperatures across all racks.

Cold aisle works well when you're delivering cold air through raised floors and don't have a ceiling plenum return, along with concrete slab floor designs that flood the room with cold supply air.

Shop Weatherproof® men's and women's jackets, coats, vests, and rain gear. Packable, lightweight, softshell, and puffer styles since 1948. Free shipping.
