

What is the price of composite optical cables

Overview

For fiber cable materials only, expect \$0.52 per foot for wholesale bulk purchases, or \$1 to \$6 per foot at retail. The wide price range reflects differences in fiber strand count, outer jacket construction, and application type., 12-core vs 96-core) and brand. Generic glass is cheap; premium glass (like Corning) costs more but. The composite fiber optic cables provide greater bandwidth, higher data transfer rates, and improved signal integrity over traditional copper cables. By transmitting power and data over a single cable pull, they also eliminate the need for a local power source. Description: 4 Fibers SM.

What is the price of composite optical cables
