Zimbabwe Warranty

Designed for data centers and IT environments, our hot aisle and cold aisle containment systems help isolate airflow, optimize temperature control, and protect critical equipment.

Risk Assessment Evasive Possibly tries to implement anti-virtualization techniques

Warranty: This Vertiv™ product is warranted to be free of defects in material and workmanship for a period of (3) Year from Assembly or (42) months from Shipment.

TRAX hot aisle / cold aisle containment curtains are available in flexible strip and softwall panel formats that can be customized to meet your specific requirements.

Proper aisle containment creates a physical barrier that separates the hot and cold air from mixing. Containment panels or strips create a partition to isolate either the server supply air (cold aisle) or ...
